

Carl Peters, PhD, PMP – Manager, Climate Change Solutions

Dr. Peters brings a blend of program management, startup experience, and earth science expertise to his role as Manager of Climate Change Solutions. With a proven track record in leading high-value initiatives and fostering collaboration, Carl is well-positioned to drive the Verschuren Centre's mission toward achieving net zero emissions by 2050. His strategic leadership, coupled with a commitment to innovation, makes him a key asset in advancing sustainable practices.
